

TIRE INFLATORS

Branick®

The AIRHEAD Inflator California CARB Compliant!

The AirHead high-flow inflator with built-in gauge is fast, easy to use and easy on your bottom line. No post-inflation checks necessary and with precision to +/- 2 psi, this inflator is California CARB Compliant!

Retail: \$80

The Digital AIRHEAD Auto Inflator Premium Electronic Tire Inflation!

The Digital AirHead Auto Inflator is a robust yet sophisticated handheld electronic tire inflator designed to break the mold of existing handheld models. With leading electronics and sensor technology, it offers fast, accurate and trouble-free inflation and detection. California CARB Compliant!

Retail: \$120

The BLOCKHEAD Auto Inflator When tire inflation accuracy is key!

This compact unit packs a powerful punch, offering fast and accurate tire inflation within a simple, safe, state-of-the-art design, which features touch screen technology. The BlockHead has three modes: standard inflate/deflate, tire shop (featuring overpressure), and nitrogen (top off and complete purge). Just preset the required pressure, place the connector on the tire and let the auto-start function do the rest!

Retail: \$400
